Friday 25th April 2019

Dear Parents and Carers,

Thank you to the parents who provided feedback on the new format for Nursery’s home learning. We have redesigned the layout, and the content provided, in response to the feedback received. We have created a poster that can be displayed at home to refer to, with your child, over the course of the half term. The poster will provide a range of activities to take part in. You can choose to complete all the activities or select a couple to focus on.

Along with the poster, we will provide information to parents on which areas of learning they will be focusing on over the half term and how this links to their development in the curriculum.

We are continuing to promote the idea of ‘school readiness’ and in order to maximize the children’s future success, our main focus is on promoting and developing the three prime areas (personal, social and emotional development, communication, language and physical development). However we will be continuing to base the learning around a book/theme which incorporates all the other curriculum areas.

To launch the new home learning, we would like to invite parents to a play and stay session on Friday 3rd May from 11.30-12.00. This will be time where you can work alongside your child in class and discuss your child’s development with the Nursery team.

Kind regards

Miss Mahoney
Assistant Head of Early Years
